# Course Details

## 01 ENGLISH

We cover a comprehensive English curriculum including phonics, reading comprehension, creative writing, and language conventions. Our focus is on equipping learners to become confident and effective communicators in English for all age groups.

## 02 MATH

Our math tutoring program aims to establish a solid foundation, enhancing numeracy skills for students. We not only teach math but also emphasize its practical application in daily life, fostering excellence in Mathematical Reasoning.

# Course Details

## 03 SCIENCE

We build strong scientific foundations with clear explanations and real-world examples, fostering curiosity and problem-solving skills essential for early learners in Australia.

## 04 NAPLAN

We strengthen core literacy and numeracy skills through targeted practice and expert strategies, ensuring students gain confidence and excel in NAPLAN assessments. Our structured approach and real-time feedback help bridge learning gaps and enhance performance.

# Course Details

## 05 GENERAL ABILITY

We help students build strong reasoning and problem-solving skills with fun, practical exercises, aligned with the Australian curriculum. Our approach makes learning easy, engaging, and effective for academic success.

## 06 THINKING SKILLS

We help students develop critical and creative thinking through engaging activities and real-world challenges, aligned with the Australian curriculum. Our approach builds confidence, problem-solving abilities, and independent thinking for lifelong success.

# Course Details

## 07 OPPORTUNITY CLASS

We prepare students for Opportunity Class exams with a structured approach that strengthens thinking skills, reading comprehension, and mathematical reasoning. Our targeted practice and expert guidance help students gain confidence and perform at their best.

## 08 Selective & Scholarship Exam Preparation

With proven success and multiple students securing placements in top selective schools, we provide expert coaching, targeted practice, and exam strategies. Our structured approach builds confidence, enhances problem-solving skills, and maximizes performance.

# Course Details

## 09 PUBLIC SPEAKING

We help students build confidence and clear communication skills through interactive sessions and expert guidance. Our approach enhances speech delivery, articulation, and leadership skills, preparing them to speak effectively in any setting.

## 10 FRENCH CLASSES

Our fun, engaging lessons make learning French quick and effective. With DELF-certified trainers, students gain confidence in speaking, reading, and writing, while enjoying a kid-friendly approach tailored to their needs.
